FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

EX PARTE OR LATE FILED

Re: CC Docket No. 96-262

Dear Ms. Roman Salas:

On July 12, 1999, the undersigned, along with Scott Randolph, (GTE), David Hostetter (SBC), Pete Martin (BellSouth), John Bosley (Bell Atlantic), Tony Alessi (Ameritech) and John Kure (U S WEST), on behalf of the United States Telephone Association, held separate meetings with Sarah Whitesell of Commissioner Tristani's office, Linda Kinney of Commissioner Ness' office, Kyle Dixon of Commissioner Powell's office and Bill Bailey of Commissioner Furchtgott-Roth's office.

The purpose of the meetings was to discuss USTA's proposal regarding pricing flexibility, which is attached hereto. In addition, USTA provided some data on co-located wire centers, as well as pricing flexibility which has been adopted in various states. That material is also attached hereto.

Pursuant to Commission Rule 1.1206(b)(1), an original and one copy of this letter and attachments are being provided to you for inclusion in the public record for the above-referenced proceeding. Please contact me with any questions.

Sincerely,

A handwritten signature in cursive script that reads "Linda Kent".

Linda Kent  
Associate General Counsel

## USTA Pricing Flexibility Proposal

<i>Baseline Stage</i>	
<b>Structural Changes</b>	<i>Process relief in Part 69 to permit elements and sub-elements associated with new services to be filed without a waiver or public interest showing</i>
	<i>Geographic deaveraging of the Subscriber Line Charge (SLC) using existing SLC caps</i>
	<i>Zone pricing for remaining transport services and for local switching services</i>
	<i>Volume and term pricing plans for transport and local switching services</i>
<i>Competitive Stages</i>	
<b>Market Areas</b>	<i>ILEC's service territory within a LATA that is located in a Metropolitan Statistical Area (MSA)</i>
	<i>ILEC's service territory within a LATA that is located in a Rural Service Area (RSA)</i>
<b>Service Categories</b>	<b>Transport</b> <i>Consists of transmission elements associated with special access services and switched transport services</i>
	<b>Switched Access</b> <i>Consists of common line and local switching elements</i>
<b>Transport Phase 1</b>	<b>Trigger</b> <i>25% of the business lines in a market area have "access to" alternative facilities-based transport services; business lines with "access to" include:</i> <ul style="list-style-type: none"> <li>-     <i>Those business lines that are served by wire centers in which there is operational collocation, and</i></li> <li>-     <i>Those business lines located within 1000 feet of another provider's facility</i></li> </ul>
	<b>Flexibility</b> <i>New transport services filed with no cost support and outside of price caps</i>  <i>Contract pricing for transport services and filed without cost support; contract prices outside of price caps and earnings regulation</i>  <i>Promotional pricing with a promotional period not to exceed 120 days; promotional prices filed with no cost support or price cap showing</i>
	<b>Safeguard</b> <i>Competitive Transition Mechanism to ensure services removed from price caps do not trigger LFAM</i>

## USTA Pricing Flexibility Proposal

Transport Phase 2	<b>Trigger</b>	75% of the business lines in a market area have "access to" alternative facilities-based transport services; business lines with "access to" include: <ul style="list-style-type: none"> <li>- Those business lines that are served by wire centers in which there is operational collocation, and</li> <li>- Those business lines located within 1000 feet of another provider's facility</li> </ul>
	<b>Flexibility</b>	Transport services removed from price caps and earnings regulation  Tariff filings for transport services made without cost support  Tariff filings for transport services made on one day's notice period
	<b>Safeguard</b>	Interim pricing safeguards could be used for non-contract based transport services
Switched Access Phase 1	<b>Trigger</b>	25% of the total lines in a market area have "access to" alternative facility-based local services; lines with "access to" include: <ul style="list-style-type: none"> <li>- Those lines served by wire centers in which there is operational collocation and unbundled loops or local switching elements have been taken, and</li> <li>- Those lines located within 1000 feet of another provider's facility</li> </ul> <p><b>NOTE:</b> This showing can be made for residence/SL business vs. multi-line business lines; when a separate showing is made for residence/SL business, it may be appropriate to use a threshold less than 1000 feet of another provider's facility</p>
	<b>Flexibility</b>	New switched access services filed with no cost support and outside of price caps  Volume and term pricing plans for common line elements  Contract pricing for switched access services and filed without cost support; contract prices outside of price caps and earnings regulation  Promotional pricing with a promotional period not to exceed 120 days; promotional prices filed with no cost support or price cap showing
	<b>Safeguard</b>	Competitive Transition Mechanism to ensure services removed from price caps do not trigger LFAM

## USTA Pricing Flexibility Proposal

Switched Access Phase 2	<p><b>Trigger</b>     75% of the total lines in a market area have "access to" alternative facility-based local services; lines with "access to" include:</p> <ul style="list-style-type: none"> <li>-     Those lines served by wire centers in which there is operational collocation and unbundled loops or local switching elements have been taken, and</li> <li>-     Those lines located within 1000 feet of another provider's facility</li> </ul> <p><b>NOTE:</b> This showing can be made for residence/SL business vs. multi-line business lines; when a separate showing is made for residence/SL business, it may be appropriate to use a threshold less than 1000 feet of another provider's facility</p>
	<p><b>Flexibility</b>     Switched access services removed from price caps and earnings regulation</p> <p>Tariff filings for switched access services made without cost support</p> <p>Tariff filings for switched access services made on one day's notice period</p>
	<p><b>Safeguard</b>     Interim pricing safeguards could be used for non-contract based switched access services</p>

**TABLE**

**STATE PRICING FLEXIBILITY MATRIX**

**COLUMN DESCRIPTIONS**

<b>COLUMN NUMBER</b>	<b>COLUMN NAME</b>	<b>DESCRIPTION</b>
<b>1</b>	<b>CONTRACT PRICING</b>	The availability of customer specific pricing plans or agreements for a given service or group of services that provides the customer with a financial incentive to purchase service(s).
<b>2</b>	<b>PROMOTIONAL PRICING</b>	The availability of pricing plans (e.g., marketing plans) used to temporarily provide a financial incentive to a customer for purchase of a given service or group of services.
<b>3</b>	<b>VOLUME &amp; TERM PLANS</b>	The availability of specific pricing discounts associated with volume (i.e., capacity) and/or term (e.g., 1, 3, 5, etc year) plans for a given service or group of services.
<b>4</b>	<b>GROWTH PRICE PLANS</b>	The availability of additional pricing discounts beyond those associated with volume and/or term plans resulting from a growth in demand for a given service or group of services.
<b>5</b>	<b>GEOGRAPHIC DEAVERAGING</b>	The ability to provide tariff rates that are reflective of geographic characteristics (e.g., zones, densities, costs, etc.) Note: Local exchange rate groups/cell densities are not considered a form of geographic deaveraging and are not included.
<b>6</b>	<b>OTHER PRICING FLEXIBILITIES</b>	The availability and identification of additional pricing flexibilities beyond the flexibilities specified in columns 1 thru 5.
<b>7</b>	<b>NEW SERVICES TREATMENT</b>	Regulatory requirements and/or flexibilities regarding the introduction of new services.
<b>8A</b>	<b>DEREGULATION-PROCESS IN PLACE</b>	The availability/existence of a standardized/mechanized process that may be used to have a specific service or group of services be declared deregulated.
<b>8B</b>	<b>DEREGULATION- DEREGULATED SERVICES</b>	Whether any services have actually been declared deregulated other than services that have been preemptively excluded by the FCC (e.g., Yellow Pages, Inside Wire, CPE, etc.).
